# Annual Impact Report

Stacie and I have had the privilege of traveling the world with a missionary team for the past several years to some of the most remote and impoverished villages and communities that exist. Through our travels, we have identified needs of the people in these areas.

Clean drinking water, malnutrition feeding programs for kids 6 months to 6 years in age, micro loans to women entrepreneurs that are providing for their families and feeding programs for school aged children that typically go to bed hungry are the needs where we have focused.

In 2025, we will be including the freeing the "brick slaves" in Pakistan into our organization. When an enslaved parent dies, the debt transfers to the children with zero hope for their future or for following generations.

We have made these projects a priority in our lives and are blessed to find like-minded friends to help us accomplish this vision.

We ask for your support in taking this journey with us. All donations are tax deductible.

# Everyone deserves freedom

**BRICK  
SLAVES**

In 2025 we are introducing the freeing of bonded slaves program in Pakistan. In June we are heading to Pakistan to pay off the debts of families in slavery, Everyone deserves Freedom.

# Everyone deserves *a chance*

---

In 2024 we started our micro loan program aka *Micro International* in Guatemala and throughout the world. Providing small loans to business minded women gives them hope. Everyone deserves a chance.

# Everyone deserves to be healthy

In 2024 we sponsored a new malnutrition feeding program in a small village in Guatemala. Kids ages 6 months to 6 years in age were selected for a 6 month state monitored program. Everyone deserves to be healthy.

# The year in review

## **Our inaugural year for Poverty Solutions was a huge success.**

Coming out of 2023, I travelled to 10 different countries with *Nations In Love* and my good friend Danny Green and his team. His heart is to share the gospel to all nations, and it is an honor to see what his ministry does and continues to do up close and personal.

What I learned about myself is my passion is for the poor and underserved

throughout the world. It consumes my thoughts of wanting to do more for the less fortunate. That is the reason my wife and I started Poverty Solutions in 2024.

Our direction for 2025 is providing resources and programs to help people in need locally and internationally. Our focus for *Poverty Solutions* is to love on people and help as many as we can.

We look to corporate sponsorships as well as family and friends to help reach our goals.

- Terence Burnside

## *Our Reason*

When Jesus sent out the 12 apostles, and later when He sent out the 70 disciples, His instructions focused on two things: preaching the Good News and meeting physical needs.

## *Our Mission*

To invest in the dreams of families in the world's underserved communities. To love on people and let them know someone cares about them.

## *Help, not hurt*

Our programs are designed to help alleviate poverty without causing dependency.

## *Our Heart*

To provide clean drinking water malnutrition feeding programs for kids 6 months to 6 years in age, micro loans to women entrepreneurs that are providing for their families, feeding programs for school aged children that typically go to bed hungry and free the brick slaves that live without hope.
